

MATERIAL SAFETY DATA SHEET**PRODUCT IDENTIFICATION**

Product Name: Enviro Floc 315
Date: 06/21/2006
Product Use: Cationic polymer
Formula: Poly quaternary amine
DOT Class: Not regulated as a hazardous material.
Manufacturer: Water Systems Engineering, Inc.
Mfg. Address: 2515 Eisenhower Road -
P.O. Box 700 - Ottawa, KS 66067
Phone: (785) 242-6166

COMPONENT INFORMATION

COMPONENTS	CAS.NO	AMT. (%)	TLV (Units)
This product is not considered hazardous under OSHA 29CFR 1910.1200			

EMERGENCY RESPONSE INFORMATION**First Aid Procedures:**

In case of skin contact, wash affected areas of skin with soap and water. In case of eye contact, immediately irrigate with plenty of water for 15 minutes. Refer to physician if irritation persists.

Fire Fighting Information:

Material will not burn except under extreme fire conditions. Use water, carbon dioxide or dry chemical to extinguish fires. When exposed to fire, wear self-contained, positive pressure breathing apparatus and full firefighting protective clothing.

Spill or Leak Handling Information:

Spills of this material are very slippery. Spilled material should be absorbed onto an inert material and scooped up. The area should be thoroughly flushed with water and scrubbed to remove residue.
